

Consulting an OCM

Sections and navigation tools:

The screenshot shows the 'General Framework' section of an OCM. The navigation tabs at the top are: General Framework, Care Techniques, Progress Notes, and Teaching Program. Callouts provide instructions: 'Click on the tabs to consult the content.' (yellow), 'Click here to hide the right section.' (purple), 'Click here to print the complete method.' (purple), 'Click here to print the tab.' (purple), 'Consult informations related to the updates in this section.' (yellow), 'Click here to access the evaluation grid.' (purple), 'Click on the arrow to return to the top of the page.' (purple), and 'Click on the title of a tool to access it.' (yellow). On the right side, there are buttons for 'Print this method', 'Print this tab', 'EVALUATION GRID', 'DISPLAY EVALUATION GRID', and 'TOOLS'. Green boxes indicate 'Content manager only' areas for 'Customize this section' and 'TOOLS'. A green circle with the number '1' is on the right.

Note: Customizations added by the institution's content managers appear in green boxes.

The screenshot shows the 'Care Techniques' section. The navigation tabs at the top are: General Framework, Care Techniques, Progress Notes, Teaching Program, References, and Memory Aid. The 'Care Techniques' section is active. A 'Required Equipment' section is highlighted with a green background and contains a customization message: 'This section is customized by Centre d'expertise en santé de Sherbrooke.' Below this, a list of equipment is shown: Personal protection equipment (PPE) (with sub-points for splashing risk and OCM reference), Kidney basin, Paper tissue, and Pillows. A 'Customize this section' link is visible in the top right of the section.
